3. TERM OF SCHOLARSHIP

Scholarship awards will be tenable for five years from April 2011 to March 2016, including one-year preparatory education in the Japanese language and other subjects due to be provided upon arrival in Japan. For scholarship grantees majoring in medicine, dentistry, veterinary medicine or a six-year course in pharmacy, the term of scholarship will be seven years until March 2018.

Note 1: The preparatory education requirement can be waived for grantees who have sufficient knowledge of the Japanese language to pursue their study or who wish to enter a university which demands no Japanese language ability (via direct placement). In this case, the awards will be tenable for four years (or for six years for those majoring in medicine, dentistry, veterinary medicine or in a six-year course in pharmacy). If a grantee graduates earlier or withdraws from his/her undergraduate course for early college entrance, the awards will be tenable until his/her graduation or withdrawal.

Note 2: In regard to six-year majors in Pharmacy, the student must undergo the common examinations (CBT= Computer-based Testing, OSCE= Objective Structured Clinical Examination) implemented prior to practical training. In cases when it is impossible to fulfill the set standards necessary for practical training, the scholarship may be cancelled.

Note 3: If a grantee graduates from an undergraduate course and is admitted to a master's course at a graduate school during the term of his/her scholarship, he/she may have the term extended upon successful examination by MEXT provided that he/she has outstanding academic achievement that meets certain criteria.

4. SCHOLARSHIP BENEFITS

- (1) Allowance: Under the fiscal 2009 budget each grantee will be provided monthly with 125,000 yen. (an additional monthly stipend of 2,000 or 3,000 yen may be provided to those undertaking study or research in specially designated regions.) (However, this will be subject to change, depending upon the annual budget of each year). The scholarship will not be paid to a grantee who takes a leave of absence or is long absent from the assigned university or the preparatory Japanese-teaching institution.

The scholarship will be cancelled for a grantee if

- ⑥ he/she is provided with another scholarship(except for a scholarship designated for research expenses).

(2) Traveling Costs

- ① Transportation to Japan: Each grantee will be provided, according to his/her itinerary and route as designated by MEXT, with an economy class air ticket from the international airport closest to his/her place of residence to Narita International Airport (or following the itinerary normally used by the university where the grantee is placed). Expenses such as inland transportation from his/her place of residence to the nearest international airport, airport tax, airport usage charges, special taxes on overseas travel and travel expenses within Japan will be borne by the grantee (the place of residence of the grantee shall in principle be the address stated in the application form). 5. SELECTION

- (1) In cooperation with the governments of the applicants’ countries the Japanese legation will perform primary screening of applicants by means of submitted application documents, interviews and academic examinations (see below for subjects of examination).

[Subjects for examination]

For applicants for a major in Social Sciences and Humanities: All applicants must sit for mathematics, English, and Japanese (3 subjects in all).

For applicants for a major in Natural Sciences: All applicants must sit for mathematics, English, two subjects selected from among physics, chemistry and biology, and Japanese (5 subjects in all). For selecting two from physics, chemistry and biology, applicants must choose
 Physics and chemistry when applying for Natural Sciences A; and
 Chemistry and biology when applying for Natural Sciences B or C.

- (2) Results of primary screening will be notified to each applicant on the date designated by the Japanese legation I.
- (3) Applicants who have been selected by this primary screening will be recommended to MEXT.
- (4) MEXT will perform final selection of the recommended applicants and select scholarship grantees.

6. PREPARATORY EDUCATION PRIOR TO PLACEMENT AT UNIVERSITY

- (1) Preparatory Education prior to Placement at University: Each grantee will be enrolled at a preparatory school designated by MEXT for a one-year intensive course in the Japanese language and other subjects

necessary for preparation for proceeding to university. The preparatory course lasts for one year. Its curriculum will mainly consist of education in the Japanese language, but will include other subjects such as Japanese Affairs, mathematics, English, and social studies for those majoring in Social Science and Humanities, and physics, chemistry and biology for those majoring in Natural Sciences. Please note that a grantee will not be allowed to proceed to university if he/she is determined incapable of completing the prescribed course at the preparatory school. (He/she will be required to return home upon such determination.) This preparatory education requirement can be waived for a grantee who has sufficient knowledge of the Japanese language to pursue his/her study at university or who wishes to enter a university without the Japanese language requirement (via direct placement).

- (2) Change of Major Field of Study: A grantee will not be permitted to change his/her major field of study between Social Sciences, Humanities and Natural Sciences, nor between Social Sciences and Humanities A and B, or between Natural Sciences A, B, and C.
- (3) Subjects to be Studied: A grantee must study compulsory subjects as determined by the preparatory school even if he/she has already studied them at a university outside Japan.

7. UNIVERSITY EDUCATION

- (1) Entrance into University: A grantee who has completed the preparatory education will go on to the university designated by MEXT upon passing its entrance examination. The university whose examination a grantee will take will be decided by MEXT in consultation with the university and the preparatory school and in comprehensive consideration of the results of the academic examination in the primary screening held in his/her home country, academic achievement at the preparatory school, the grantee's proposed major subject, and the receiving capacity of the university. No objection by the grantee against the decision will be allowed.
- (2) Academic Year: The academic year begins on April 1 each year and ends on March 31 the next year.
- (3) Language Used in Education: All classes will be given in the Japanese language (except where a grantee is placed at a university which requires no Japanese language ability).
- (4) Degree of "Gakushi"(Bachelor's Degree): If a grantee attends the designated university for the prescribed number of years and earns the number of credits as determined by the university, he/she will be awarded the degree of "Gakushi."
- (5) Change of Major Field of Study and Subjects to be Studied: 6 (2) and 6 (3) above will apply.

Note: For direct placement of a grantee at a university, MEXT will decide the recipient university upon discussion with prospective universities. An applicant desirous of direct placement must enter a university without preparatory education, and if the desired university does not accept the applicant, his/her application will be rejected by MEXT. If you want to apply for direct placement, be careful in selecting the university, faculty and school and their capacity to accept direct placement. For further information on universities capable of receiving students via direct placement, please inquire at the Japanese legation
